ST.MARK'S SR. SEC. PUBLIC SCHOOL, MEERA BAGH

Date: 22.10.2019

The Principal,

Sub. : Invitation to participate in 'Geek<a/>Hertz 2019' an Annual Inter School Tech-Fest.

Dear Sir / Madam

"Technology is not an event, it's a part of everyday learning".

After the success of Geek<a/>Hertz, our Annual Inter School Computer Tech Fest both in the National as well as International level for the past Three years, we are proud to announce its Fourth edition. This computer festival will give an opportunity to students to participate and showcase their skills in an array of school based and online competitions (Delhi NCR and International Schools), to be held on 19.11.2019 (Tuesday).

As learning different languages open up the ability to communicate, learning computer skills give children the ability to create the technologies that impact the entire living world. This tech-fest aims to provide a platform for students of classes III to XII to display their computer skills.

The details of the various competitions are available on **www.saintmarksschool.com or www. geekahertz.in** and the registration can be done on **www.geekahertz.in.** Please note that the entries will be accepted latest by Friday, **15.11.2018**.

Looking forward for your earnest participation.

Thanking you
Yours sincerely

PRINCIPAL
(ANJALI AGGARWAL)
