**JANAK PURI , NEW DELHI**

Cir.No.: SMS /CIR./65558/2011-12/1082

10.03.2012

Dear Parent,

In our endeavour to provide world class teaching to our students which enhances the teaching learning process, we have already started the **Educomp Smart Class Program (Interactive digitalized Computer Aided Learning Technology )**, in our school in classes I to VIII **w.e.f. April 2011**. Now we propose to extend the same benefits to classes IX & X. This is a technology integration program, that empowers teachers with technology right inside the classrooms. This program is already running in many progressive schools across India and has received very encouraging feedback from teachers, students and parents.

The Program enables teachers to use digital resources such as graphics, animations, 3D Images and Video clips in addition to the chalk and talk methods of teaching. This results in a completely new multi sensory learning experience for students and helps them to understand concepts, retain knowledge and thus improve their academic performance.

You are requested to attend an **Orientation Programme** which demonstrates on **Educomp Smart Class Program** on **17.3.2012** in our school premises, as per the given schedule :-

**For X A, B & C between 9.00 - 10.00 a.m. , For X D, E & F between 11.00 – 12.00 noon**

**PRINCIPAL**
