# FEEDBACK BY OUR PRINCIPAL

- It gives me great pleasure to see my delegation visiting Boon Lay Secondary School yet again. Our association with the Principal, Mr. Tan Chor Pang, goes back to year 2008. Ever since we have been working on online projects as well as visiting each other on exchange programs. I am happy to know my students enjoyed their stay in Singapore and that their classroom activities as well as the stay with host families were enriching experiences. All of them have returned with fond memories and are now looking forward to hosting their buddies from Boon Lay Secondary School.
